

## Everbright Light Board In the News!

This winter Thomas St. Angelo Public Library of Cumberland was featured in the Wisconsin Library Association Newsletter. The article written by Jeanette Rydberg, was about our recent purchase of the Everbright, a 4' x 8' light wall of colored dials. We are excited to be featured statewide and proud to provide this educational tool for our community. This dream could not have been possible without generous donors and a supportive community. The Everbright is the first big step in acquiring the technology our library needs for future inspiration and education.

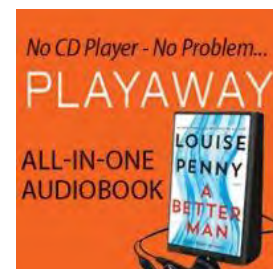

This month there will be an Everbright Open House for youth and adults to experience it. Enjoy refreshments and celebrate. Turn the dials and see what you can create!

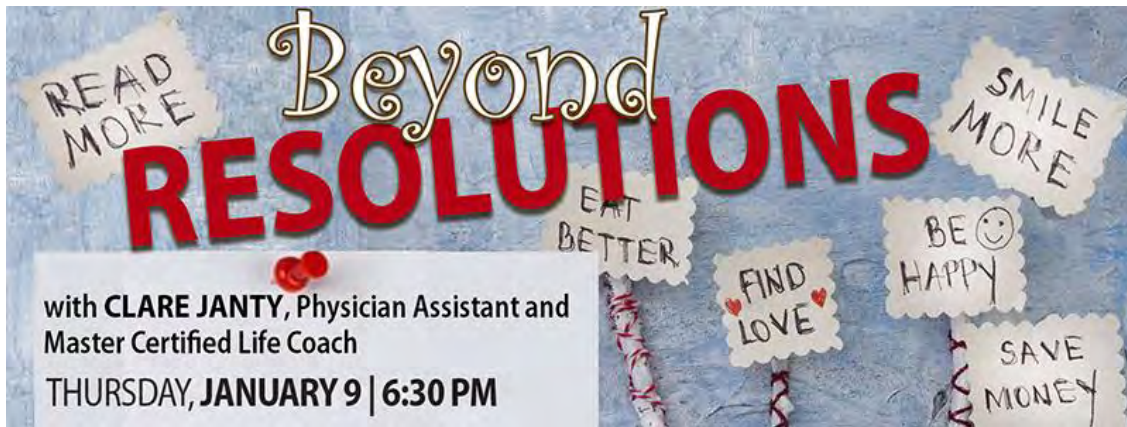

Everyone, adults and children, enjoy desserts and try out the new Everbright Light Board at the Thomas St. Angelo Public Library of Cumberland.

## What's New

Check out our new selection of Playaways. Playaways are audiobooks contained in a small digital player. They are portable, easy to use and will plug into most newer cars. Ear plugs or cable and batteries are required.
